Serial No.: 10/748,717

Group Art Unit: 2828

Filed: December 29, 2003

Examiner: Michael C. Wimer

For: ARRANGEMENT FOR INTEGRATING A RADIO PHONE STRUCTURE

**INFORMATION DISCLOSURE STATEMENT (IDS)**

MS Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Pursuant to 37 CFR 1.56, 1.97 and 1.98, the attention of the Patent and Trademark Office is hereby directed to the reference listed on the attached PTO/SB/08. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the reference be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

Applicants state that no item of information contained in this Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application. The undersigned certifies that no item of information contained in this Information Disclosure Statement was known to any individual designated in 37 C.F.R. § 1.56(c) more than three months prior to the filing of this Information Disclosure Statement.

This Information Disclosure Statement is filed after the mailing date of a first Office Action on the merits as far as is known to the undersigned (37 C.F.R. 1.97(b)(3)). Because it is being submitted with the above statement, no fee is due as provided by 37 C.F.R. § 1.97(c)(1). However, the Commissioner is hereby authorized to charge any fees deemed required in connection with this submission to Deposit Account No. 04-0100.

Document AA is the U.S. Patent which corresponds to the German-language International Application relied on by the Examiner in an Office Action mailed September 21, 2005 in the present application. Applicants have not submitted a copy of the cited U.S. patent as required by 37 C.F.R. § 1.98(a)(2)(i), amended October 2004, as the U.S. Patent and Trademark Office has waived this requirement for all U.S. patent applications.

In accordance with 37 C.F.R. § 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 C.F.R. § 1.56(a) exists. In accordance with 37 C.F.R. § 1.97(h), the filing of this Information Disclosure statement shall not be construed to be an admission that any patent, publication or other information referred to herein is “prior art” for this invention unless specifically designated as such.

It is submitted that the Information Disclosure Statement is in compliance with 37 C.F.R. § 1.98 and the Examiner is respectfully requested to consider the listed reference.

Dated: December 21, 2005

Respectfully submitted,

Richard J. Katz
